

A HOT ROAST FOR JOHNSON.

Taken to Task for Penury in Killing Rats.

New York Congressman Tells What He Thinks.

Wants a Clean-up Before the Panama Exposition.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, June 10.—(Exclusive Dispatch.) Gov. Hiram Johnson was bitterly attacked today in the House debate on the sundry civil appropriation, by Representative Fitzgerald of New York, chairman of the Appropriations Committee, over an item of \$100,000 in the bill for handling epidemics.

When the item was reached Representative Cannon moved an amendment increasing the amount to \$100,000 and called attention to the importance of exterminating plague-infested squirrels in California. Cannon declared it was a matter in which the whole country was concerned and the Federal government should assume the cost. Representative Kahn spoke in favor of the increase. He said the people of California had met the government dollar for dollar in the expense of exterminating rats and squirrels and that much of the infected area was on government land.

Fitzgerald then severely criticized Gov. Johnson for his veto of a State appropriation of \$100,000 for exterminating squirrels and rats. "Tell the people of your State," shouted Fitzgerald to Kahn, "that they have a progressive Governor, whose idea of progressiveness is to saddle the people of California with the government dollar for dollar in the expense of exterminating rats and squirrels."

"I am sick and tired of such progressiveness. When you go back to California, tell the people that I am reliably informed that the State will be quarantined if plague should visit California. Their progressive Governor, by refusing an appropriation of \$100,000, is running the risk of having his State quarantined at a time when California is inviting the whole world to participate in the Panama Exposition at San Francisco. As late as May 13 the State Board of Health of California advised its progressive Governor that California will not spend its share, then the government will hold the responsibility. The progressive Governor of California had better look to the work of cleaning up the State before he asks the people of the world in the exposition. I am not blaming the people of California. They have done their share, and the people of San Francisco are doing theirs. I am making that city rat-proof; but the progressive Governor is not doing his share in seeing that the outside counties are made free of plague infection. Until the progressive Governor of California is willing to show a spirit of co-operation in this matter, I don't believe the government should assume a whole burden."

The Cannon amendment to increase the sum to \$500,000 was lost and the Democrats bolstered shouted "Aye!" when members who favored the increase voted for it.

NEW YORK BUREAU OF THE TIMES, June 10.—(Exclusive Dispatch.) The Federal (United States) ship, the USS Oregon, will sail from San Francisco for Pasadena tomorrow morning.

MANY AFTER NIXON'S TOGA.
CARSON (Nev.) June 10.—(By A. P. Night Wire.) Gov. Tasker L. O'Connell declined today to discuss the appointment of a successor to Senator Nixon, although intimating that the field of aspirants was larger than he supposed could exist in the State. It is believed the appointment will be made this week. One report is that the title already has been offered to George Wingfield, mining and business partner of the late Senator.

INTERVENTION?
TO GET THE ARMY READY TO MOVE INTO CUBA.

Gen. Wood Sounds a Warning that if the Situation in the Island Gets the Least Bit More Acute Regiments Will Be Mobilized for Service There—American Marines Attacked by the Rebels at El Cuero Mines.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, June 10.—(Exclusive Dispatch.) Gen. Leonard Wood, Chief of Staff, declared today that if the trouble in Cuba became more acute the army would make another move to preparedness. Two army transports, now at Newport News, Va., would be sent to New York, one to Savannah, Ga., while the fourth would remain where it is.

"Should troops be sent to Cuba they probably would be landed at Nipe Bay, on the north side of the island; Santiago on the south, and Maracaibo, on the eastern side. This practically would completely surround the insurgents."

AMERICAN SHIPS IN HAVANA HARBOR.
(BY A. P. DAY WIRE TO THE TIMES.)

HAVANA, June 10.—The United States armored cruiser Washington entered Havana harbor at 12:25 o'clock this afternoon and exchanged salutes with the fortress of Cabana. Fifteen minutes later the Rhode Island passed into the harbor. The arrival of the warships attracted little attention at the capital.

The publication in today's papers of the news of the dispatch of United States warships from Key West to Havana under the command of Admiral Oterhaus created a profound impression.

carried by the wind as far as Sitka, 700 miles east of the volcano. The dense clouds of smoke and ash have turned day into night throughout a radius of 300 miles from Mt. Katmai. The unnatural darkness and the stifling volcanic dust that fills the air combine to make navigation in the affected area hazardous and it will be difficult for rescuers to reach the fishermen and cannery employees along the shores of Shelikof Strait while the volcano is in action.

In spite of the perils the revenue cutter Manning already is grouping her way toward the southwestern shore of Kodiak Island. The Manning is equipped with wireless, but the atmospheric conditions impede communication. Passengers on the mail steamer Dora, which arrived at Seward, Alaska, yesterday after passing through the hall of ashes when the eruption was at its height, gave interesting accounts of the spectacle.

"The scenes in the volcanic zone were the most terrifying I have ever seen," said Mayor William A. Gilman of Kodiak, who accompanied the Dora for Delegate to Congress, when he landed at Seward. "The flaming mountain rivalled the imaginative conceptions of Dante."

"I fear everything within a wide radius of the volcano has perished. The southern front of the volcanic explosions were followed by terrific electrical storms."

SOLIE CLEMENTS CASE.
Former Placense of the Young Men Accused of Murder Goes on the Stand in Stockton.

STOCKTON (Cal.) June 10.—At the resumption of the Clements trial in Judge C. W. Morton's court this morning, the first witness called by the prosecution, was Miss Emma Barilleaux, former fiancée of the defendant, Solie Clements, who is facing a jury on the charge of having murdered William H. Newman, a saloon-keeper, in the city on the night of January 14 last.

The girl's witness was kept on the stand for more than an hour and was put through a grilling cross-examination by Attorney Ben Berry of the defense. The witness was very nervous and she tried vainly to conceal her discomfiture.

Late in the afternoon a local gunsmith identified the gun with which Newman is said to have been killed, as the revolver he sold Solie Clements prior to the death of the saloonman. The gunsmith, John C. Williams, testified that he followed the fleeing murderer to the darkness. Another witness, who testified that he saw the body of Newman, reached from the channel bed into which the fugitive leaped and evaded the officers.

OUTING OF GEN. WOOD.
Senate After a Bitter Debate Agrees to Conference Report to Legislate Staff Chief Out of Office.

WASHINGTON, June 10.—The Senate after a bitter debate, voted 12 to 24 today, to agree to the conference report on the bill to remove the chief of staff from office as chief of staff on March 4, 1913.

The bill would require officers acting as chief of staff to have at least ten years service in the army, and below brigadier. The provision would affect unfavorably Gen. Funston and Col. Goetz, who have been appointed yet adopted the report, but probably will do so.

R. S. MEACHAM.

SHIPS OF WAR LEAVE KEY WEST.
(BY A. P. DAY WIRE TO THE TIMES.)

KEY WEST (Fla.) June 10.—The battleship Rhode Island and the cruiser Washington left the harbor under sealed orders at 5 o'clock this morning, presumably for Havana. Rear-Admiral Hugo Osterhaus, commander of the third division of the Atlantic fleet, was on board the Washington, his flagship.

The other Mats followed the Rhode Island and Washington. She may be used as a dispatch boat, it is reported.

Reports of resignation by President Gomez as a result of the sending of American warships to the island are rumored among Cubans here.

STRIKERS ARRESTED.

(Continued From First Page.)

The first clash came around 7 o'clock when a group of strikers failed to move quickly enough to halt the police, and eight of them were hustled to the station. This incensed the mob, which, as its numbers increased, became noisier and more menacing in its action. In their haste or suspended from their buttonholes, the men wore placards with the inscription: "I am a hotel worker. We are on a strike." The police say that they stopped men and handed them cards to them, urging them to fall in line.

LOOKING FOR TROUBLE.
Inspector Daly sized up the threatening paraders for a moment and remarked: "These fellows are evidently looking for trouble, and by George they are going to get it." Then he gave a signal and his men pounced on the strikers all down the line. There was a wild confusion for a while. Some of the mob fled precipitately, but others held their ground and began to argue and expostulate. All such were nabbed without parley or ceremony.

Inspector Daly had closed each of the exits of the Astor Court back of the hotel with a wall of bluecoats with clubs drawn and into the corral an endless chain of strikers was pressed. The police were armed with clubs and batons and the mob was kept in line. They were warned that at the slightest demonstration of resistance severe punishment would be meted out. Most of them were quiet, but some struggled and hooted, producing a commotion that brought hundreds of people in the hotel, including some of the banquet guests to the windows. Others made a rush for the street, but the bluecoats showed them back.

American Citizens Protest Against the Withdrawal of the Fourth Cavalry from the Border—Reported Resignation of Gen. Huerta Is Denied—Plans on Foot for the Extradition of Enrile.

(BY A. P. NIGHT WIRE TO THE TIMES.)

EL PASO (Tex.) June 10.—Scores of telegrams have been passing between the local Chamber of Commerce and the War Department at Washington relative to the departure of the Fourth United States Cavalry from its border station here to El Paso, Texas. People of El Paso fear that a crisis in the Mexican situation is near and that the American border is likely to be the scene of many disturbances if the rebel army is driven out of Chihuahua. The removal of the Fourth Cavalry is being protested by residents here for at least two weeks. The Second Cavalry, coming from the Philippines, contains many recruits and that its officers are unfamiliar with the diplomatic duties of the United States on the border line.

What chiefly has been objected to is that there will be no mounted patrol here for at least two weeks. The United States Cavalry is being protested by residents here for at least two weeks. The Second Cavalry, coming from the Philippines, contains many recruits and that its officers are unfamiliar with the diplomatic duties of the United States on the border line.

Insurgent forces have been unable to locate the Federal forces under Gen. Rabago, who started overland from Parral on a movement directed at the rear of Gen. Orozco's forces gathered at Chihuahua, south of Chihuahua. Gen. J. J. Campos and Col. Felix Terrazas secured the country today as far west as Guerrero and as far south as Zaragoza.

Federal deserters declare the government scouts frequently have been misled by their own horses as the rebels have depleted the food supply for miles around.

DOUBT RESIGNATION OF GEN. HUERTA.
(BY DIRECT WIRE TO THE TIMES.)

MEXICO CITY, June 10.—The Mexican Foreign Office is studying the possibility of the extradition of Gonzalo C. Enrile, the deposed financial agent of the revolutionary party, who was arrested yesterday by the American authorities. Foreign Minister Lamas declared before him today documents relating to the charge of alleged embezzlement by Enrile while Mexican Consul at Clifton, Ariz.

Although Enrile's political offenses are many, Enrile's lawyer said they did not constitute a basis for extradition. Enrile's lawyer said they did not constitute a basis for extradition.

SOUTHERN PACIFIC ENTERS A PROTEST.
(BY A. P. DAY WIRE TO THE TIMES.)

TUCSON (Ariz.) June 10.—Officials of the Southern Pacific Railway and the United States Army have entered a protest against the Federal general at Tucson and Culiacan to take action against the band of rebels who shot and seriously wounded R. H. Ward, Pumper Marsh in the station at Culiacan, Yago, Sinaloa, yesterday.

After wounding Ward, the rebels attacked Marsh, tying him while they searched the station for valuables. Marsh then escaped, but his wife and their clothes, \$125 in cash and other articles, were taken. Marsh was reported here. Both will recover.

Besides appealing to the Federal generals to take action against the rebel marauders, the railway officials telegraphed to their agents and others in that section to leave at once on handcars, taking all portable property with them.

TUESDAY MORNING.

ANOTHER HINT
OF THIRD PARTY

Roosevelt's Friends Slate Him
Again as a Bolter.

Would Make a Campaign to
Elect Congressmen.

Then, if He Should Get in,
They May Help Him.

By Federal (Wireless) Line to the Times.
WASHINGTON BUREAU OF THE
TIMES, June 10.—[Special Dis-
patch.] Col. Roosevelt will bolt the
Republican party, head an independ-
ent ticket, aid in the nomination of
a complete slate of independent can-
didates for Congress pledged to the
Roosevelt doctrine and thus form an
entirely new political party, con-
sider the Chicago convention names him
the President.

From a close friend of the colonel
at Chicago the foregoing unequivocal
announcement came to Washington today.
It was from a Roosevelt man in Chi-
cago to a Taft man in Washington.
It was asserted in the telegram that
there was no intention to convey a
message, or a threat, but merely to
state an absolute fact. The informa-
tion, it was said, came originally di-
rect from the colonel.

Col. Roosevelt's previous announce-
ment that the "Republican party,"
would outcountenance the acts of
the Republican National Committee
paved the way for the present an-
nouncement.

ALL SORTS OF RUMORS
There have been all sorts of rum-
ors as to the action the colonel and
his friends would take. Various plans
have been known to have been con-
templated. One plan contemplated
taking the convention by storm, seat-
ing all the contesting delegates in var-
ious parts of the Coliseum, voting
in opposition to the regular dele-
gates, ignoring the rulings of tem-
porary Chairman Root and after-
wards claiming that Roosevelt had
been nominated. This plan, accord-
ing to the information given out by
the Roosevelt man who has been sit-
ting in the lid in Washington, has
been abandoned. It has now been
determined to sit tight until the reg-
ular convention at Chicago has
closed.

Roosevelt's friends have told him that
there is no reason why he cannot do
what Lincoln did—start a new politi-
cal party—this one called the "Pro-
gressive Republican Party." They
have advised him to break away from
the Republican party altogether un-
less he is nominated and to put up
candidates for Congress in every dis-
trict in the United States so that
should he be elected, he will carry
with him a Congress that will aid him
throughout his administration.

AFTER OTHER DELEGATES
Traffic efforts are being made to
bring Senator La Follette of Wis-
consin and Senator Cummings of Iowa
to join over their delegates to Col.
Roosevelt. This apparently is now
the chief hope of the Roosevelt men
in the capturing of the regular dele-
gation is concerned. Both La
Follette and Cummings have flatly re-
fused.

The Roosevelt people are almost
ready to admit that the Republican
National Committee will throw out
the colonel, therefore, the non-
recognition of the regular dele-
gation is a matter of life and death
to them. It is said, will hold a cau-
cus on that evening. If either side
wins a majority, the whole story
of the convention will have been told
in Chicago.

IN ROOSEVELT THE CLAUQUES
National Committee Takes Steps
to Prevent Packing of the Conven-
tion. A. F. NIGHT WIRE TO THE TIMES.

BALTIMORE, June 10.—There
was no packing of the Democratic
convention hall with shouters for can-
didate for Presidential nomination if
the Electoral College for Roosevelt
committee and the National
Committee prove effective.

The distribution of tickets
for the delegates by the Arrange-
ment Committee, the day before, the
night of the election, and a careful
check of seats by the local com-
mittee, are expected shouters can-
not get away from the proceedings.

Chairman Robert Crain
of the Democratic National Conven-
tion today. "There will be
no shouting in the hall unless the
committee called otherwise
and then will be no more admitted."

TO SELECT A CHAIRMAN.
BY A. F. NIGHT WIRE TO THE TIMES.
NEW YORK, June 10.—Norman E.
Mack, chairman of the Democratic
National Committee, issued a call to-
day for a meeting in Baltimore, June
18, of the Arrangements Committee
to select the temporary chairman of
the convention. The selection will be
placed for ratification before the Na-
tional Committee on June 24. "Among
the men whom the Arrangements
Committee will consider for temporary
chairman," he said, "are Senators
O'Dorman of New York, Kern of In-
diana and Ollie James of Kentucky."

Representative William Sulzer of
New York, Henry of Texas and James
Hamilton Lewis of Chicago.

ROOSEVELT WORKING
FOR ELECTORAL COLLEGE.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE
TIMES, June 10.—[Special Dis-
patch.] The real plan, the "regu-
lar" scheme, which Theodore Roosevelt's
campaign managers have concealed
behind their noisy fight to seat con-
testing delegates in the Republican
National Convention was uncovered
yesterday and was regarded as a
screaming sensation by the limited
few into whose ears the secret was
leaked.

Instead of the contests being vital
in the opinion of the Rooseveltians,
they have considered their own defeat
all along the line as foregone and
merely have been bluffing their hard-
est in order to keep the Taft lieuten-
ants centered upon the wrong spot.

Their real game is the Presidential
electors. While the Taft men have
been busy with delegates and with
pushing the "steam roller" over the
Roosevelt contestants as fast as the
victims presented themselves before
the National Committee in the Coli-
seum Annex, the colonel's able nim-
rods have been hunting down the
electors, especially those chosen in the
direct primary States and who could
not be distributed legally on the bal-
lot.

Every elector who is open to argu-
ment when coupled with inducements,
has been or will be approached with
the plea that he cast his ballot in the
Electoral College for Roosevelt, there-
fore being the accompanying guar-
antee that the colonel will be a nomi-
nee if not by a majority of the con-
vention, then by a rival convention.

There may be two conventions in
the Coliseum at the same time, each
claiming to be regular and to include
a majority of the delegates, or the
Roosevelt forces may march over to
some other large hall, there to com-
plete the nomination formalities. Here
is where the deep-laid plans

of the clever Rooseveltians come into
full play. Taft may be the "regu-
lar" nominee, but where, they ask,
are the electors who, if chosen in
their respective States will vote for
him in the Electoral College? In all
but one of the dozen direct primary
States the electors, even though he
and his friends were named as candidates
for electors. With Roosevelt a can-
didate, even though the electors
would be the one compelled to put
up new sets of electors, except where
the Taft electors could be induced to
switch their allegiance.

Unfortunately for Mr. Taft, most of
his strength, as indicated by dele-
gate support, has come from south-
ern Democratic States, while the
Roosevelt strength has been shown in
northern States where Republican
votes are abundant. The direct pri-
mary States also are all outside the
Coliseum Annex, the colonel's able
nimrods have been hunting down the
electors, especially those chosen in the
direct primary States and who could
not be distributed legally on the bal-
lot.

For weeks the Roosevelt men have
been proselyting. Without, in many
cases, disclosing their full pro-
gramme, they have been promised
Federal jobs should the colonel be
elected and have varied other in-
ducements according to the temper of
the elector from whom a pledge was
sought.

It is asserted by some people here
that in one of his speeches, Col.

Roosevelt declared that if the in-
diana contests were decided against
him he would come to Chicago, and
there is, therefore, more curiosity
than ever regarding his course in that
respect. There would be a bolt of
Roosevelt men at the Chicago con-
vention in the event President Taft
controlled a majority of the dele-
gates. J. C. Harpham of this city
and N. Merriam of Omaha, two of
the delegates from Nebraska, both
declared themselves willing to leave
the convention if Roosevelt was un-
able to control it. E. L. King of Os-
ceola expressed himself as opposed to
bolting "for Roosevelt or for any
other man." The Nebraska delegation
was instructed for Roosevelt in the
recent state wide primary and Gov.
Aldrich is counted among the warm
supporters of the colonel.

Portland Officials Allege However
That Their Quarry is Member of
a Steamship Gang of Card Sharps.

PORTLAND, June 10.—[Special
Dispatch.] Reputed to be a mem-
ber of a gang of fourteen card sharps
plying their trade on the steamships
Beaver and Bear, Rose City and
other passenger steamships plying be-
tween Los Angeles and San Fran-
cisco and Portland, C. H. Perry, alias
C. H. Brown, was arrested by De-
tectives Coleman and Snow, shortly
after he arrived here.

Perry is held on a tentative charge
of vagrancy pending his hearing in
Municipal Court Thursday.

According to the police, the mem-
bers of the gang already have ac-
complished several "tricks," ranging
from \$10 to \$1750.

FREE USE OF THE CANAL.

Senate Committee Wants American
Ships to Use the Panama Route
Without Charge.

[By Federal (Wireless) Line to the Times.]
WASHINGTON BUREAU OF THE
TIMES, June 10.—[Special Dispatch.]
The Senate Committee on Inter-
oceanic Canal has agreed to report
the canal bill with a provision allow-
ing American ships in the coastwise
trade to use the canal free, and al-
lowing railroad ships to go through
the canal when destined for a for-
eign port, with the privilege of touch-
ing at American ports.

"I consider the latter provision is
in the interest of California, as well
as the former one," said Senator
Perkins.

Put a nicely browned piece of
toast in cold water and let it stand
about an hour. To a glass of the
strained toast water, and a table-
spoonful of DuRoi's Fruit Salt. Whis-
key. If desired, little fruit syrup
may be added for flavoring.

This remedy has been used with ex-
cellent results and is very highly re-
commended by Dr. E. T. Hawson of
Detroit, Mich., who says: "It saved
me from a threatened collapse when
nothing else had any effect."

Murder Theory Suggested by Victim's Gold Nuggets.

Colorado River Is Steadily Falling Is Report.

San Bernardino, June 10.—

That the unknown prospector whose

body was found Friday in the brush

and willows near Barstow may be

William McCoy of Los Angeles, is the

latest theory, advanced by J. B.

Reiner, a patrolman of Los Angeles.

The latter, writing to the officers here,

states that McCoy was formerly a

Pacific Electric conductor, and was

a conductor's cap on his last trip to

the desert.

Reiner's description of McCoy tallies

very closely with that of McCoy,

so much so that the officers are in-

clined now to believe that this about

solves the identity of the deceased.

But the death is as unexplained as

ever. The most careful search has

failed to bring to light any clue that

would even in part explain the cause

of death.

ROSARIO SAINZ AT SANTA ANA HAS NEW EVIDENCE.

Man Convicted of Murder Secures New Trial and Has Evidence Which May Affect Result of the Second Trial—Important Litigation Ends.

Santa Ana, June 10.—Today for

the second time, Rosario Sainz, is in

the Superior Court making a fight for

his life. Last June he was tried and

sentenced to be hanged for the murder

of Jose Machado, a Mexican sheep-

shearer's camp near Sunset Beach,

on September 22, 1909, but an ap-

peal brought him a new trial, which

began today.

Sainz and his attorneys are going

to fight hard, Sainz to save his neck

and his attorneys, Weissel and Dun-

ton, appointed by the court, and serving

for nothing, because they do not want

to hang on their defense.

Developments today indicated that

Sainz will get a new trial, but the

presence of Gregorio Guzman, a

witness, and Sainz's new evidence,

besides this committee another com-

mittee is working day and night to

raise a bond for a fight of the Pa-

San Francisco, June 10.—The president of the First National Bank of San Francisco, has secured from Robert H. Canfield of Santa Barbara oil and mineral rights to 1,175 acres of the Canfield ranch, north of Los Olivos.

The new company will begin operations at once, drilling one or two test wells on the Canfield tract, from which the new corporation takes its name. The territory has been explored, and according to predictions of the new people, the field is expected to be opened in Santa Barbara.

The heavy asphaltic or bituminous nature of the oil, which the first commercial production of asphalt in this country was drawn from, is located in the Canfield tract, north of Los Olivos.

A. S. Cooper, former State geologist, made the estimate of the Canfield tract, which is 1,175,000 tons of oil in sight. In this country, the oil is not so abundant as it is in California, and it has been proved that the production comes from a great depth, according to geologists, the Canfield.

In the same general location the Canfield tract, which is 1,175,000 tons of oil in sight, is located in the Canfield tract, north of Los Olivos.

BOARD OF WORKS HAS DEFENDERS.

SAN PEDRO BUSINESS MEN URGE BEACON-STREET ROUTE.

Recommend Confirmation of City Engineer's Plan. Instead of that of Harbor Commissioners—Submits Figures to Show Comparative Costs—Some Answers.

A petition signed by forty-three property owners and business men of San Pedro, representing over \$1,000,000 worth of property there, was presented to the Board of Public Works by R. W. Kemp of Davis, Kemp & Foster, representing the property owners, and requesting that the Beacon-street route for the temporary route of the harbor highway, as surveyed by City Engineer Hamilton, and recommended by the Board of Public Works, be confirmed, instead of the route proposed by the Harbor Commissioners, along Pacific avenue, to Fourteenth street.

Kemp, in presenting the petition, made the following statement: In comparing the lengths of the different routes, the figures show that in the Beacon-street route only 4448 feet in length would have to be improved, while the length of the Pacific-avenue route, as the Harbor Commissioners proposed, would be 12,511 feet, while the rise on the Beacon-street route going south would be 74.81 feet, and the rise on Beacon-street north would be 76.81 feet, thus showing the difference in the cost in the building of the Pacific-avenue route and the Beacon-street route, and showing the greater grade on the Pacific-avenue route over the grade on the Beacon-street route.

Kemp further declared that if the harbor highway were being built, as contended, for the convenience of merchants in San Pedro and Los Angeles, it should be constructed where it would be most available to the merchants of San Pedro and to the public generally, and pointed out that if the Pacific-avenue route were adopted, it would be a half mile to the east of the harbor, and would be a half mile to the east of the harbor, and would be a half mile to the east of the harbor.

Both Humphreys and Gibson were appointed to the Harbor Board December 9, 1907, and Humphreys in March, 1909, a few days before Harper resigned.

As a solution of the difficulties between the two boards, the Mayor will present to the Council this morning his plan for the reorganization of the Harbor Board, to consist of seven members, including the three members of the Board of Public Works, three Harbor Commissioners and the Mayor. It seems that the Harbor Board will vote favorably on the Mayor's plan. The present Harbor Board is composed of the members of the Board of Public Works, City Engineer Hamilton, Assistant Engineer Vincent and Special Counsel Hewitt.

Hubbard was appointed to the board together with James A. Anderson and D. K. Edwards seven years ago at the solicitation of the Chamber of Commerce and a self-constituted citizens committee.

Hubbard, Anderson and Edwards drew lots and Hubbard drew the four-year term, and Anderson the two-year term. Hubbard was reappointed when his term expired, by Mayor Alexander.

What disinterested persons don't seem to be able to understand is why should Hubbard's head fall when it is Humphreys and Gibson who can't agree?

Both boards are preparing data showing why the Harbor Board should be improved and defending their attitudes in the matter.

The Council yesterday disposed of the Harbor Board's plan to adopt a route for the harbor boulevard by way of Beacon street, San Pedro, when it ordered it filed.

The Council took the position that the Pacific-avenue, Fourteenth and San Pedro streets, San Pedro, route will have the same effect, fulfilling the board's recommendation for the Beacon-street route the Council practically killed the board's plan.

ASURA. June 10.—On Saturday evening Walter McConney, the 12-year-old son of Mr. and Mrs. McConney of San Gabriel avenue, was riding a bicycle on Center street, when he turned in front of an automobile, which ran over him. There were no bones broken nor fracture of any kind, but concussion of the brain resulted, and the boy has not yet recovered consciousness. He is being cared for by a trained nurse and is attended by Dr. L. W. Atkinson, who believes that he will ultimately recover.

YOUNG WOMAN HURT. WHITTIER. June 10.—Mr. and Mrs. O. E. Smith of Los Angeles were thrown from a tandem motorcycle this afternoon and Mrs. Smith sustained injuries, which may prove fatal as it is believed she suffered a concussion of the brain. Smith tried to steer his machine between two other rigs and momentarily lost control. They live at No. 3925 Stephenson avenue, Los Angeles.

HUBBARD STANDS PAT.

(Continued from First Page.)

some wrong—which I haven't. I defy the Mayor or any of his friends to point to one act on my part during my seven years on the board where I betrayed my fellow citizens. I want to stay on the board until the aqueduct is finished. I was one of the first to advocate the aqueduct and am deeply interested in it.

He said one of the Councilmen favors his removal because he smoked black cigars, and another because he reads the morning paper and occasionally puts his feet on the table in the board's office.

There is a determined fight being made to have the Mayor ask William M. Humphreys of the Board of Public Works and T. E. Gibson of the Harbor Commission to resign. Both insist that they will not resign and the Mayor refused to say yesterday whether he will broach the subject or not.

"I don't know anything about any other resignations," said the Mayor. "I am going at this one at a time. I am asking for Hubbard's to commence with."

RESPONSIBILITY ADMITTED. Both Humphreys and Gibson admit that most of the responsibility for the present municipal muddle lies between them. Gibson says Humphreys is a Southern Pacific tool and Humphreys says Gibson is either a Southern Pacific rubber stamp or has been misled by emissaries of the corporation endeavoring to gain control of the harbor.

Gibson has stated that he may make sensational disclosures involving Humphreys, and Humphreys in reply asks a full investigation of his actions in the board's office.

"If they have any charges to make why don't they make them?" asks Humphreys. "These are the best of this but politics. The books of the board are open to public inspection and I defy Gibson to find one thing which involves me in any way with the Southern Pacific or any other corporation. I am a public servant and have tried to do the thing from the beginning. Whether I have succeeded or not I have been honest and discharged the duties of my office as ably and faithfully as I knew how."

Both Humphreys and Gibson were appointed to the Harbor Board December 9, 1907, and Humphreys in March, 1909, a few days before Harper resigned.

PASTRY KILLS A DEER. (New York Tribune.) Biscuits and pumpkin pie are fatal to deer. A young buck poked its head through the kitchen window of Mrs. Lawrence Dutcher, in Olvera, El Dorado county, and after devouring a dozen biscuits and a steaming pie, scampered back into the woods. Several hours later the animal was found dead by a party of picknickers, and all the village thinks it was killed by acute indigestion. Deer are so tame near Olvera that they walk without fear through the streets, and even paw gardens in search of vegetable delicacies.

S.S.S. THE CURE FOR SCROFULA

The usual symptoms of Scrofula are enlarged glands of the neck, sores and ulcers on the body, skin affections, catarrhs, eczemas, weak eyes, and general poor health. The inherited poison, transmitted through the blood, pollutes and weakens this fluid, and in place of its nutritive qualities fills the circulation with scrofulous matter, which saps the vitality of the entire system. Thousands of children, born with a scrofulous taint, have spent their childhood in constant physical suffering, and grown to manhood or womanhood handicapped by ill health and stunted growth, and perhaps later some disease of the bones or joints developed. S. S. S. given in their early life, would have prevented for children, even infants, cleaned and purified the blood of the taint, nourished and strengthened their systems, and assisted each to grow into strong, healthy manhood or womanhood. S. S. S. is the very best remedy for Scrofula. It goes down to the bottom of the trouble, and cleanses the circulation of all scrofulous matter. It supplies the weak, diseased blood with strength and health-building qualities, and under the purifying effects of this great remedy all symptoms of Scrofula pass away. S. S. S. contains no minerals in any form, and is an absolutely safe treatment for children, even infants, or persons of any age. Literature about Scrofula and any medical advice free.

SOCIETY

Miss Enola Kirk,

Young society girl from San Francisco, who has been enjoying a merry sojourn in this city.

A wide circle of friends was solicited in the Highland Park First Presbyterian Church the morning of June 8, when Miss Frances Gault, daughter of Frank M. Gault of Geary, Okla., became the bride of Dr. Edward Ellison, formerly a resident of Nebraska, now of Brownsville, Or. The bride since childhood has lived with her aunt, Miss Gault, Miss Jessie and Dr. Sophia, in Highland Park. She was an Occidental student and on the day of her wedding graduated from the Los Angeles College of Osteopathy, where Dr. Ellison also received his diploma in January.

The marriage was read by Rev. W. B. Gault, D. D., assisted by Rev. R. W. Cleveland, and was witnessed by a small company of relatives and intimate friends. The bride, who was unattended, was charming in a toilet of crepe de chine with an over-trape of chiffon. Duchess lace and children roses furnishing the garniture. The long tulle veil, which fell to the hem of the demitrain, was caught to her dark hair with orange blossoms, and her bouquet was a shower of lilacs of the valley.

The usual wedding marches were played by Miss Lois Caskey at the organ and Miss Bertha McCray on the violin. An informal reception followed in the church parlor, after which a formal wedding breakfast was served at the family home, No. 323 East Avenue Fifty-three.

Dr. and Mrs. Ellison's honeymoon will include the Columbia River trip, and they will be at home after July 15 in Brownsville, where their new residence is in process of construction.

Prominent Guest.
The Honorable Mrs. Montagu Hyatt-Field, who is related to Prince John Edward R. Guelph, arrived in the city yesterday to visit relatives. This lady has spent years in America, being closely associated with social and church circles as the wife of the deceased rector of Trinity Church, Lenox, Mass. She comes of distinguished ancestry, her father's people being among the rulers of Northumbria before the days of the "saxon heptarchy," making a record of nobility for more centuries than one usually discovers when interested in heraldry. Friends hope that her visit will develop into a desire for residence here.

Luncheon Party.
Mrs. N. Kos of No. 717 Kensington drive was hostess at a smart luncheon and whist party recently. Beautiful prizes fell to Mrs. Stephen Quisrolo and Mrs. John Robinson. There were present Mrs. M. E. Bowley, Mrs. J. Robinson, Mrs. Edward Walker, Mrs. E. Cook, Mrs. H. Muhlen, Mrs. F. Kos, Mrs. Le Roy Walker, Miss C. Kos and Miss M. Kos.

To Make Home.
The Misses Johnson recently arrived in this city and will make their home here with their mother, Mrs. Charles McGavin of No. 1118 Magnolia avenue. Miss Gertrude Johnson comes from Helena, Mont. while Miss Marjorie is returning from National Park Seminary in Washington, D. C.

Motor Jaunt.
Dr. and Mrs. Herbert Parks Barton and Mrs. Loren Chandler Barton and daughter passed a few days at Del Mar. The trip was made in a motor car and during their stay property for a summer residence was purchased. They returned by way of Glenwood.

At Paso Robles.
Mr. and Mrs. Huber Rascher of this city and Mrs. D. K. McPherson of Spokane, Wash., are at Paso Robles Hot Springs, en route to San Francisco. They are making the trip leisurely in a machine. They will later journey to Spokane, returning in the fall.

Miss Doyle Weds.
Miss Margaret Doyle of No. 4300 Dutton avenue was united in marriage June 7 to Fred E. Downey. The service took place at the family home, Rev. H. Russell Greaves of

Miss Mildred Kendall, Miss Elsie Dobbins, B. J. Kendall, Mrs. L. H. Thompson, J. J. Tideman, Mr. and Mrs. Bonas, Mr. and Mrs. J. A. Carlson, Mr. and Mrs. R. A. Peasley, Mr. and Mrs. R. A. Van Dusen, Mr. and Mrs. J. C. Hendley, Clara C. Michael, Mr. and Mrs. J. A. Fowler, Mr. and Mrs. Frank Galberton, Mr. and Mrs. Fred Berryman, Mr. and Mrs. Frank Dole, Mr. and Mrs. W. J. Riley, Mr. and Mrs. Marion Welton, Mr. and Mrs. Fred A. Lowney, Mr. and Mrs. J. D. Diakow, Mr. and Mrs. Fred McCreighton, E. L. Shephardson, V. A. Phillips, A. W. Whitley, G. W. Rapp, Mrs. Andrew Gruton, Mr. and Mrs. Fred J. Bulow, Mrs. Margaret Fillmore, Mr. and Mrs. Frank Ram-say, Mr. and Mrs. Birmingham, Mrs. C. C. Baxter, Miss A. F. Mullin and J. W. West.

STANDARD CASE UP.

The Federal grand jury will resume the investigation of the case against Earl Standard, the alleged embezzling confidential bookkeeper of the American National Bank of Panama, this afternoon. It is expected that the work will be completed by Friday, when the indictment against Standard will be reported to the United States District Court. It is not likely that the case will be brought to trial before fall, on account of the crowded condition of the calendar of Judge Welborn's court. All efforts to secure the release of Standard on bond have been abandoned for some time and are not likely to be renewed.

TUESDAY MORNING, JUNE 11, 1912.

PRICE: 10 Cents

JIM JEFFRIES TO BE THIRD MAN IN RING. GREAT AMERICAN OLYMPIC TEAM SELECTED.

Hap Hogan is getting nervous about this missing young pitching genius—Ovitz.

The boy was to have joined the Ver-nut team when his examinations were over at the University of Chicago. But it must have been the longest examination ever held.

He has never been heard of since. Hap has burned up the telephone wires trying to hear from him. The boy has never replied to any of the wires.

"I have a hunch," said Hap yesterday, "that the boy is playing independent baseball somewhere under another name. I have about given up hope of getting him."

No New Players.

Hap says that he is not making any effort to get any other players. He had an idea of grabbing a couple from the Cubs, but has given this up.

"I am in the lead now," said Hap. "My team is going splendidly and I believe in letting well enough alone."

His Pitchers.

I asked Hap if he thought his pitchers would be able to stick it out through the season, reminding him that both Carson and Raleigh are popularly supposed to be anything but robust.

"Don't you ever believe it," said Hap. "Carson appears to be delicate and rather sickly, but he is really as strong as a horse. He can pitch twice a week and not feel it in the least. Johnny Raleigh is never called upon to pitch but one game a week and he has been pitching like a house on fire all this season."

Speed on First.

Hap expects to use Speed McDon-ald on first base for the next month. "Anner has done very well for catcher, but he doesn't know the position and has missed all kinds of chances."

"It used to be the idea of baseball men that any one could play first base. It was a sort of old gentleman's home. But inside baseball experts have come to recognize first as one of the most difficult and crucial positions on the team."

"Patterson will be out of the game for a long time yet. His ankle is in very bad shape. Flood ought to be able to play in a few weeks, but he has a finger that is a fearful sight. "Speed" will fill well there. He has played first for me several times and has never failed to deliver the goods. I think he will show the fans a pace that will surprise them."

Jeff as Referee.

However the sagacious Mister Jones and Joe Levy may differ at other times they are to be found singing sweet harmonies when it comes to boosting the box-office.

The appointment of Jim Jeffries as referee of the Rivers-Wolcott fight has supplied the one final pull necessary to bring out an immense house for the fourth of July fight.

Jeff will be a great card—scarcely less a one than the principals in the fight.

Mummy Discovered.

Philadelphia Jack O'Brien has again been seized with a desire to don the gloves. He has accepted a challenge from Ben Koch to fight a week from last night at the American Athletic Club.

Tom Jones Sick.

Chaperoning a champion has been too much for Tom Jones.

He is under the weather at his home at Venice and may not be able to go to Wheeler Springs with the rest of the Wolcott party today.

Ad in the Mountains.

It is possible that Ad may do some light boxing while he is in the mountains. Tom Jones thinks that it is taking too many chances to leave all his training until the last ten days or two weeks, as the champion has planned.

"In order to keep his eye in, and to give him the right judgment of distance, I think Ad ought to keep up a little glove work all the time he is gone," said Jones yesterday.

Ad says, emphatically, that he will do nothing of the kind. "Nix," he says. "I am going up into those old mountains to climb around. I am going to tear off this damned old collar and take a gun and climb all over the trails. But nothing doing on the boxing."

Ad's Cigars.

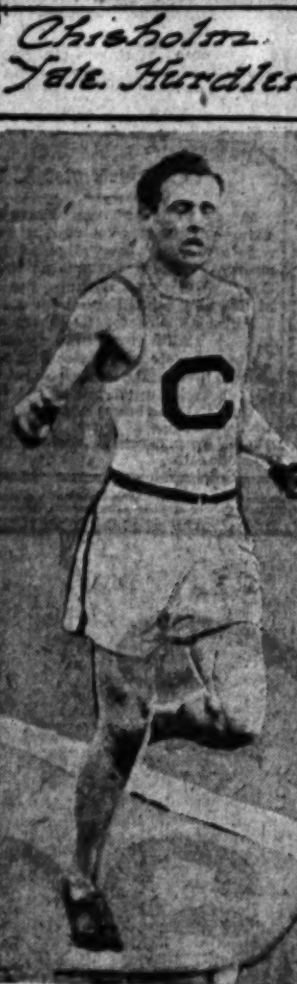

Ad is a cigar maker by trade.

The day before yesterday, he suddenly stopped while going by a window where a woman cigar-maker was at work.

"Wait for me," he said.

He went into the store and borrowing the woman's knife, sat down and made a half-dozen beautiful cigars to give to his friends. The gift cigars were filled with rags and old paper and other junk and the sweet words that resulted when they were lit by the aforesaid grateful friends still rise ringing into the blue ether.

COAST LOOMS LARGE IN AMERICAN TEAM SELECTED FOR OLYMPICS.

NEW YORK, June 10.—The American Olympic Selection Committee spent the entire day in picking the athletes who will represent the United States in the Olympic games at Stockholm.

From the thousand entries in, each event, only those who had shown the best performance were selected. In addition, there was a supplementary list arranged, but the men mentioned will have to pay their own expenses.

On the preferred list are new winners like Wright of Dartmouth, in the pole vault; Horine of San Francisco, the high-jumping marvel; Kiviat, the trim-American A. C. who smashed three world's records in the 1500-meters run in the last two weeks; Kramer, the Long Island Club's world champion distance and cross-country runner; and Young Drew, the negro sprinter of Springfield, Mass., are included.

The others are: Clarence H. De-mar, North Dorchester, Mass.; Joseph

PICK JEFFRIES FOR REFEREE.

Big Fellow to Arbitrate the Rivers-Wolcott Mill.

Former Champ Hesitates, but Succumbs to Pressure.

Ad Off for Wheeler Springs, Joe Stays in Venice.

BY OWEN R. BIRD.

James J. Jeffries, probably the most famous figure in the history of the prize ring, was decided on as the third man in the coming world's lightweight championship battle, which is to take place July 4, when Joe Rivers and Ad Wolcott clash for the title. After a conference lasting one hour and five minutes, Uncle Tom McCarey, Tom Jones, Ad Wolcott and Joe Levy, agreed on the former champion, as the only logical man to hold up the winning glove on the fourth. Eytan and Welch were eliminated, not because of any lack of ability, but because there was a little feeling on the part of the most interested parties and to lay aside all questions, Eytan withdrew and Jones would not force Welch down anybody's throat.

When the name of Jeffries was brought up, there was not a dissenting voice in the convention, and the question arose at once, would the big fellow jump into the ring and do the work? Uncle Tom clapped on his Panama at once and hit the pavement for Jim's place of business, on Spring street. When the proposition was first put up to Jeff, he said no, off hand, but when he was shown that his record and honesty were the assets wanted by both parties, he said he would think it over and finally ended up by stating that he would give a definite answer in the morning, but right off the bat he began to take a lively interest in the affair, and when McCarey left there was no doubt as to what Jim would do, though, as a matter of course, he would say that it would take a night to settle the matter in his own mind.

JIMMY WORD, LAW.

There is one thing sure and that is Jim Jeffries will be above any quibbling and, in the opinion of many of the old heads, he is one of the best referees in the business today. There is only one thing against Jim, and that is not serious. He is so big that somebody is going to miss a part of the fight between the two little fellows, here and there, but when Jeffries gives a decision, it will be because he saw the fight that way, and that is what the public wants in a battle of this nature, where there is so much at stake.

With Jeff in the ring, the fight will have another attraction, for this will be his first public appearance for two years, and as many are wondering what the big fellow has been doing during this time, the feature will have added interest to the card, already bursting with headlines.

When Jeff gives the word this morning, Ad Wolcott is going to jump on the moon train for Wheeler's, and will not be seen in civilized parts until after June 25. He needs the work in the hills, and it is to be hoped that he will gain some of that weight which has been lost since the trouble last Thanksgiving.

RIVERS SAYS.

In speaking of the referee, Joe Rivers said that he was willing to leave the matter to Levy, as his little manager never made a bad play when it came to the important matters.

"For me," said Rivers yesterday on the Venice sands, "all I want is a man who knows how to count ten for that is all the third guy will have to do in the ring on the fourth."

Yesterday, old man Neptune got a one-round decision over the little contender. Joe was swimming at Venice yesterday, and took a chance on going out to the raft and back. He swam the trip one way, but the return hike got to him and when he landed he was all in after having a great battle with the waves. It seems that Joe has not been swimming for some time, and was not used to the exercise, and nearly caved in during the last fifty yards. It is a cinch that Levy will be on the strand after this, while Joe is dipping.

NO WORK FOR JOE.

Rivers did not work yesterday and will not do any more boxing until Thursday. Then he will spar a few light rounds with some of his fast partners, and the heavy work will come on Sunday again, and all next week he will be kept to the guns as the real work starts with the Sunday spars.

Harry Thomas was engaged by Ad Wolcott yesterday as a sparring partner for the big battle. After Ad saw the little Englishman work on last Saturday afternoon, he decided that he was the kind of man he needed to give him speed for the Mexican wind.

Joe Rivers will have one of the greatest sparring aggregations ever put on here for a big fight. Dalton, Andy Rivers, Monroe, Lauder and Chico will serve up all the angles of the game possible and if they carry get him into condition for the battle, nothing else will. He will get speed from Chico and the heavy rough work from the rest of the menbers of the staff.

HOBOT STAY AT HOME.

Wolcott is going to leave Hobot Dougherty behind on this trip to the hills, as he says the Hobot has grown to like a life of luxury in the city, and the champ is afraid he can't do the work in the hills. However, the Irish

FROM THE MASON TO THE MAJESTIC

By JULIAN JOHNSON

I understand that the John Barrymore deal Morosco has had hanging fire for several months has been closed, and that Barrymore will spend eight weeks at the Burbank late this summer, playing his old success, and possibly some new pieces.

He will open in "The Fortune Hunter," the title role of which he created in New York, and which has been played here on two occasions by Fred Niblo.

Charles Ruggles is concluding his San Francisco engagement, at the Alcazar, and I hear that he will return to Los Angeles.

Charles complains, per letter, that there are no long runs in Fresno, and as he has studied fifty-two parts in just fifty-two weeks, he would like to get back to the southern metropolis and stay here the rest of his life.

Young Mr. Ruggles asserts that he hasn't exercised his Schacht car since leaving Los Angeles. All his time is given to rehearsals, matinees, night performances, and deep study after the show.

Such runs as "Peg" and its ilk have been pulling at the Burbank have given the actors weeks of rest from rehearsal.

Charlie says that he would like to begin his Burbank re-engagement in "The Money Moon."

"And," he adds, "I'm willing to play anything but the moon!"

Dillon Beasley is coming to Los Angeles in a few days for a brief vacation, as "Kindling" has three days of idle time after its San Francisco engagement.

Florence Stone left yesterday for Salt Lake City. She will, during an eight weeks' engagement, head the new stock company now playing at the Orpheum Theatre for the summer season, during the time the Orpheum attractions are suspended.

Miss Stone just finished an extended engagement at the Alcazar in San Francisco.

Who is going to lay the cornerstone of the new Morosco Theatre on Broadway?

That is a function soon to be pulled off.

Don Juan note: Cap Jones is growing a moustache. Though this is hardly time for football, it makes an exact eleven.

Mr. Blackwood, the artistic drama's exponent, is learning to paint away a nickel and make it come back two gallons of gasoline.

Mr. Lazard, in impetuous, is trying to outdo a tenor voice into his throat, so that he can be his own John McCormack next season.

Mr. Behrendt, Mannie Lowenstein's manager, is endeavoring to learn citharens and giant swings. He thinks that's magic.

I hear that Witter Byner is writing a vaudeville sketch entitled "His Father's House," in which George Clayton will be seen as the hero.

Mr. Lazard, in impetuous, is trying to outdo a tenor voice into his throat, so that he can be his own John McCormack next season.

When Mr. Girard appeared at his studio yesterday morning the janitor of the Majestic Theatre building ventured the query as to whether the singer expected to be X-rayed or expected a visit from the claim agent.

There was Girard, all bound round with—no, not a woolen string—a series of bandages, arm in sling, a slight limp on the port side, face un-Gilleted, and generally presenting the appearance of an individual who had found the world not a bit to his liking.

To all kind inquiring friends Mr. Girard uttered the belief that with the exception of a few slight bruises, contusions, sprains, fractures, and generally haggard-the-knees physical condition, he was all right.

Oh, my! but he was all mused up and he never it all happened at one of Eddie Maier's barbecues.

Stanley Forrest, bonnet and all, was at the Burbank yesterday morning, rehearsing for Hartley Manner's new-

CHESS NOTES.

The first game finished in the fourth Southern California chess correspondence tournament has just been won by A. G. Pearnsall of National City, against Prof. F. S. Hartford of Los Angeles, through a slip of the latter on the thirteenth move. The game was a bishop gambit, defended in unusual methods by Pearnsall, and promised a lively brush if played on its merits.

In the third Southern California correspondence tournament Rev. E. B. Adams has drawn with A. P. Williams, a closely contested Kierulsky gambit after fifty-five moves. Williams has been rematched with Pearnsall and O. E. Fraser, Adams with George E. Hart, and Prof. O. T. Johnston with Williams. Scores of competitors now playing in this tournament follow:

Pearnsall, won 7; lost 1; Leipsic, won 6; lost 2; Adams, won 4; lost 4; Fraser, won 4; lost 2; Williams, won 3; lost 1; Wickersham, won 3; lost 1; Johnston, won 2; lost 2.

Three California players have entered the third tourney of the Illinois Correspondence Chess Association, and are inviting other players of the State to join in making up two sections of seven competitors each, the highest two in each section to enter the final against players of other States. Silver prizes to the value of \$200 are offered the various winners, the chief prize being \$100. Rules may be obtained from T. H. Martin, San Francisco; A. G. Pearnsall, National City, or George E. Hart, Lemon Grove, Cal.

THINKS O'TOOLE CAN FOOL 'EM ALL.

Joe Tinker, captain of the Chicago Cubs, is quoted as saying of Marty O'Toole, a high-priced pitcher of the Pittsburgh Pirates:

O'Toole is the best looking young pitcher I've seen in years. He will certainly make good. I believe that free swingers, like Schulte, Mitchell and others of that class will have unlimited trouble in making him hit off his delivery. The only man who looks to me to have a chance to hit him safely is the one who chokes his bat and chokes at the ball. Why? Because Marty's shots have such a sharp break that the man who starts a free swing is likely to find his bat going inside under or over the ball as it crosses the plate.

O'Toole looks to me to have not only wonderful natural ability, but marvelous thinking powers. He crossed me Thursday after he had wound up. I was expecting a straight ball, and was for such a pitch, for he had already served me two straight curves. I saw him change the position of his fingers on the ball after he had started to wind up, and when he had his hand over his head. It was then too late for me to change my own position, and I whiffed. The ball curving right over the plate. O'Toole throws his spitball with the same motion he uses for his straight pitch, and there is no way of telling what he is handing you. He makes the bluff of spitting on the ball every time, and this also fools the batter.

NO RENT BOOSTING DURING OLYMPIC

[By Atlantic City.]—Word from Chicago to The Times:

STOCKHOLM, June 10.—Preparations are completed for the Olympic games to be held here June 19 to July 23.

The Swedish capital expects to receive and comfortably entertain sixty thousand guests, and foreigners, every hotel room is engaged, but large numbers of private apartments wait the arrival of guests. Apartments may be had at daily charges of from \$1 to \$2. Exorbitant prices will be scrupulously averted.

The number of athletes entered for the game is 3000 or nearly 3000 more than were present in London in 1908. The Swedish team comprises 150, who will take part in twenty-four different contests. The trophies are also more numerous than ever before and valuable prizes are offered by European potentates, the whole representing a fortune in money.

The American team is expected to win the lion's share of the triumph, but the Swedish athletes, it is thought, will have good chances of winning a number of events and particularly the 3000 meters (3042.5 feet) and marathon races, in which the world's records were recently broken by Swedes.

BEAUTY HINT: "I absolutely WILL NOT tolerate a dose of the chin," said a handsome woman to me recently, as we discussed the subject of time upon feminine charms. This interested me, for if there is any way of giving a double chin to understand that it is not wanted, she is the one to show it. I told her the secret of the handsome woman, for your future reference and mine. "I bathe the chin, when it shows signs of becoming prominent, in a solution of Epsom salts, allowing the preparation to remain on the skin for a few minutes," she said.

When you own the "Mission Play" you own the "Mission Play" for the month time. It is a play that every one who has seen it, since the opening night, has said "I have seen it, I have seen it, I have seen it." And I'm glad I haven't. I remember the first time I saw it, and I was surprised and then I was surprised and then I was surprised.

Good to Look Upon. "People actually come to this country and ask to look at their eyes, upon our Irish crocheted trimmings," said the head of the dress beautifying department in one of the most exclusive stores.

As she took out one after another of the new designs in trimming I could not think it strange that they are so much admired. "I like to show them, too," said she, "even when people do not intend to buy. I have no good to see these beautiful creations appreciated."

Fashion's Indicator. Lace is being more and more used for evening and afternoon toilets, some of the gowns being entirely covered with delicate shadow lace. Ordinary parasols, a trifle more cupped than usual, are made of bright-hued silks and trimmed with bands of velvet ribbon or embroidered flowers.

Some hat trimmings grow higher and higher, and on one hat seen recently there was a tall lattice work of climbing roses placed toward the back of the crown.

Large flower-laden hats of straw will be worn in midsummer. With the tailored gown this season one must wear a three-cornered or four-cornered hat to be in the fashion. A pretty fancy, seen on several of the newest evening dresses, are the tiny ponds of flowers, set on the undergarment, the minims overdone veiling them with charming effect.

A daring color scheme seen on an evening dress is emerald green satin, over an underdress of pink satin, the full of a bright shade, the latter being veiled with black shadow lace.

Very chic for afternoon wear is the pump having the patent leather back and suede quarters. The suede portion comes in white, gray and tan—in fact, can be made to match any gown.

Separate collars or ruffles made of pleated tulle, lace, tulle and looped velvet ribbons, usually in black, are fancied at the moment. They are worn over thin summer gowns.

Seeing Is Believing. A LADDIN'S LAMP EQUIALED HERE. STORY OF THE CITY'S GROWTH AS WONDERFUL.

Kansas Publisher Comes a Skeptic. Remains a Convert to Boost and Breathe Our Air of Prosperity. Believes One Million Population Easy in Twenty Years.

"The story of Aladdin and his lamp does not seem more remarkable to the observer than the phenomenal development of Los Angeles during the last decade," said Mack C. Peters, publisher of the Hanover (Kan.) Democrat-Enterprise yesterday. He visited this city ten years ago, and is here again, at No. 1117 South Park avenue.

The man who is far removed from the scene of expansion and growth, the wonderful stories of growth and development takes the reports with a grain of salt, as it were, considering the statements very much inflated," he continued. "But a personal survey of the premises impresses one with the idea that it would be next to impossible for the most radical to paint an exaggerated picture of the metropolitan growth that has taken place here in recent years."

"Authentic statistics prove that Los Angeles is forging ahead at a greater pace than any other American city. Future possibilities forecast even greater development in the years to come than the march of progress that has characterized the natural growth of the city in the past decade. With the opening of the Panama Canal will come an era of expansion in trade that is hard to comprehend. With the two coasts connected by a waterway that will mean a reduction in shipping rates between the East and West of the continent there will come a greater commercial trade between the two shores, and Los Angeles must get its share of this increase. The natural harbor facilities, augmented by the physical improvement being made at the port by the people who have the welfare of this section at heart, will spell 'advancement' in no uncertain terms."

"With an increase of population at the rate of 148 souls a day, and the rapidity with which the business and residence parts of the city are being improved and occupied, it does not require a sage to discern that the rapid growth of the city is stable and sound, foretelling wonderful things for Los Angeles within ten years."

"With an increase of 100,000 population in two years, it would seem to be a conservative forecast that the population of the city will easily reach the 1,000,000 mark set for it in 1920. There is as much activity as in investment looks like a money-maker and this will naturally call capital from the East and augment the hundreds of millions of dollars already here and working for the advancement of the metropolis of the Pacific Southwest."

night in the presence of hundreds of merry participants.

Thomas White, secretary of the Knights of Columbus, in the first address of the five days' program, gave a brief outline of the great part which the Spanish people had in making the early history of America and especially of California, and told of the landing of Juan Cabrillo at San Diego in 1542 which marked the discovery of California.

The first settlers of Los Angeles contributed 500 head of cattle for the building of the old Plaza Mission and in like manner, said White, the members of the congregation and many other friends are now contributing out of the city's abundance for the rehabilitation of the early structure.

Rev. Andrew Reza, pastor of the church, bade all of the guests a hearty welcome and extended a cordial invitation to everyone to enjoy the festivities which will be in progress until midnight, Friday.

Of the many delightful features none is being enjoyed more than the great open dining-room in the patio, presided over by Mrs. George H. Williams, charmingly assisted by Miss Georgianna Williams, Miss Alice Larquier, Miss Gladys Carroll, Miss Alice McKinn, Mrs. W. E. Clarke, Mrs. F. Russell, Mrs. Stormer, Mrs. Doorbeck and Mrs. C. Castillo. All of the refreshments, except the ice cream and fruit, are prepared in the peppery Spanish style and include many famous and savory Mexican dishes.

Under the name of Mrs. Shahady, Mrs. C. Ficherie is telling fortunes both by palm and by cards, and is a great success in the role. With a mantilla over her head and her dark eyes full of mystic light, through Mrs. Ficherie makes the ideal seer.

Freddie over the wheel of fortune in Mrs. Ignacio Del Valle, who by his means makes ten persons happy every night by allowing each of them to win a handsome home-made cake.

Don Pedro Fernandez and his famous orchestra occupy a large and beautifully-decorated stage through out the evening, from whence they dispense music of bewildering sweetness. One may expect to hear "La Golondrina" and "La Paloma" until the soft and thrilling strains of these delicious melodies have floated to them over a fitting Spanish environment.

A wonderful Mexican game of cards has been prepared by C. Bill and Mrs. R. M. Caramosa. Two game chickens and two thoroughbred horses are among prizes offered. George H. Williams, retired police lieutenant, keeps an eye on the livestock.

Some of the ladies who are adding interest to the fiesta with attractive booths are Mrs. Caramosa, Mrs. Williams, Mrs. Stormer, Mrs. Doorbeck and Mrs. C. Castillo.

YOUTH'S DONNYBROOK. Accused of having slapped two boys, tripped up a third and pulled a fourth from his wheel, John Bridges, No. 507 Maple avenue, 18 years of age, was arrested yesterday by police officers. The complainants are Howard Fricke, No. 405 East Sixth street; Alexander McDonald, No. 618 Lamar street; Albin Carlson, No. 708 Lamar street; and Donald Myers, No. 207 North Main street. The boys declare that while playing at Fourth and Johnson streets, Bridges snatched them as mentioned.

ADIEU TO PAJAMA HIRD. Prisoner Who Was Kept in Double Cell Attired Only in Night Clothes to Be Returned to Texas. "Memphis" Jones, who was arrested in this city a week ago by Detectives Boyd and Jones for the Dallas police, where he is wanted on a charge of having cracked a strong-box and for jail-breaking, will be returned to Texas today by Detective E. M. Duncan.

"He escaped three times from us," said Duncan, yesterday. "The first time we ever saw him was when he walked into the jail and asked permission to see a safe-blower we had just arrested. We didn't like his looks or actions, and threw him in. A couple of hours afterward I entered a street car, and almost dropped dead from surprise when I found Jones in a seat, calmly reading a newspaper. Two days later I met him walking down the street. How he got out of the jail on those two occasions we could never find out. The third time Jones left us he used saws and files. It was the night of the first day of his trial for the blowing of a safe."

Knowing Jones' penchant for breaking jail, Capt. Hammer kept him in a double cell. His only clothes have been a pair of pajamas. The police believed if Jones made a "getaway," it would not be hard to catch him attired only in nightclothes.
